Toyota ASE Accreditation Program

The Toyota ASE Accreditation Program enables Toyota Technicians to obtain Toyota Technical Training, Instructor-led, course credit by achieving Automotive Service Excellence (ASE) credentials. Toyota will award "one-for-one" course credit for those technicians who have the required ASE work experience, pass the corresponding ASE Certification test(s) (listed below) **and** <u>complete the required E-Learning prework modules for each course</u>.

Program Benefits

- Faster advancement through the Toyota Certification Program for Technicians who possess ASE Certifications (A1, A2 or A3, A4, A5, A6, and A7).
- Ability to bypass up to 18 days of Instructor-led training at Toyota Region/Private Distributor Technical Training centers.
- Leverage fundamental automotive knowledge and know-how obtained through ASE Certification.
- Automatically provides Toyota course credit on Toyotacertification.com when ASE required work experience, ASE Certification Tests and pre-requisites courses are met.

ASE Certification Test*	Prework Module	Toyota Course Credit Provided
A1 – Engine Repair	TPC201A – Engine Repair Pre-work	TIC201A – Engine Repair

ASE Account Linkage

In order to receive ASE Accreditation, Technicians must link their myASE.com account to Toyota by following the steps below:

1. Log in to your **myASE.com** account.
2. Select the **Employer Information** tab.
3. Select **Company-Assigned ID**.
4. Select the **Add Company-Assigned ID** button.
5. Select **Toyota** from the Company drop-down menu and enter your SPIN ID and then select Submit.
6. Select the **Profile** tab to review your information and check on your release status. Confirm that your information is correct and select **Continue** as directed.
7. On the Education & Preferences screen, select the "Release my ASE status to others" checkbox and then select the **Submit** button.
